5 GATE STYLES. 5 CHOICES.

FIND OUT WHICH ONE
IS RIGHT FOR YOU.

STANDARD BAR GATES

MESH GATES

PUCKBOARD GATES

SPINDLE GATES

SPIRAL GATES

All Duralume gates regardless of style, offer these distinct advantages over conventional farm gate:

- **Stronger** - No other farm gate offers a comparable strength to weight ratio.
- **Lighter** - Save your back. Buy Aluminum. You can easily handle and move gates alone.
- **Durable** - Our farm gates are essentially permanent and nearly indestructible. Aluminum eliminates rust issues and weakness.

GOT SHORT BEANS?

GET THE "PADDLE" OR "BATWING" TINE FOR YOUR HEADER TODAY!

Many producers will have double crop size soybeans to harvest this fall.

With a 6" wide "Paddle Tine" to lift and feed short beans into the header you will be more likely to send them into the machine where regular tines would miss. They also assist in keeping the cutter bar clear where shatter can occur.

What's the Plan?

This year was a disaster for forages.

Everybody's scrambling to get something in place for winter.

What's YOUR Plan?

A good crop plan is going to be your best security.

STEP #1

Talk to the people with the experience.

At Byron Seeds, we make our living helping people build crop management plans to maximize yield and animal performance.

Call and ask to talk to one of our Certified Forage Specialists.

It's the first step toward success.

GREAT SELECTION OF TOYS AND APPAREL

LIQUID PLANT FOODS

WHY LIQUID...WHY NOW?

CONSISTENCY

Uniform application Identical nutrient content in every drop

EFFICIENCY

Precise placement and application at critical growth stage

MAXIMUM UPTAKE

100% Ortho and Plant Available for faster starts and healthier plants

LOW SALT

Limits potential for seed burn "seed safe"

INCREASED YIELDS

EASY TO HANDLE

EASY TO BLEND

HEALTHIER SOIL
HIGHER YIELDS
SINCE 1978

Spread Shavings

Efficiently.

- ✓ Reduces wood shavings cost
- ✓ Quick and easy to attach to your Steiner or Ventrac Tractor

Bed Your Barns Faster.

Significantly decrease the bedding times in your poultry barns. Turn your flocks around faster.

\$ Cut Bedding Expenses.

Cut up to fifty percent the labor and bedding costs compared to other conventional methods.

✓ **Treat Your Birds Better.**

Maintain a consistent floor temperature for new arrivals of young poultry birds.

Imagine sitting down on the job and getting a nice even layer of shavings on your poultry barn floor while reducing your time by up to 50%!

KEEPS YOU PREPARED!

MAKE BETTER BALES

Fabpro
POLYMERS

For nearly 40 years we've been providing agricultural products manufactured to hold up under the most demanding circumstances. But Fabpro's reputation for strong support extends beyond our diverse product line. We're also known for our commitment to building mutually beneficial relationships with our customers. Realizing that every customer has unique challenges and needs, Fabpro offers customized solutions, marketing materials, technical support and the best warranty in the business.

INTEGRA SERIES™
Our INTEGRA SERIES™ Premium Netwrap is the culmination of more than 25 years of experience in baling across America, featuring:

- Increased tensile strength by 10%, providing a stronger net that withstands all crop types
- An enhanced, proprietary polyolefin resin blend that improves toughness for premium quality netting
- Improved quality in manufacturing that resists splitting and provides consistent performance with every roll
- Proven, high UV stabilization to hold up under tough baling and weathering conditions
